Great price overhauling is the rule throughout this establishment. Thousands of figures have been wofully reduced with a view to a rapid riddance of great quantities of belated holiday goods, as well as huge lots of Fall and Winter Merchandise, which stocktaking does not wish to see. There are price reductions in our stocks which seem almost incredible—yet we now show them in printer's ink. To-morrow you will find the goods on our shelves and counters looking at you with most winsome prices.
